Other Opportunities

To host the youth, families are required to have a youth of the same gender and be within four years of age. Hosts for the junior chaperone are not required to have children still at home.

Chaperones can have two host families, if necessary, over the three and a half weeks.

The chaperone communicates with their delegates by phone, no in-person visits are required.

4-H membership is not required, please share with others in your community. Please let me know if you are interested in hosting or if you have any questions. You can also go directly to the States 4-H International Exchange website to complete an application.

Be a Host Family

Texas 4-H will host 20 Japanese youth and three adult chaperones this summer, July 23-August 16.

We still have 2 girls ages 12 and 14 to place with host families and have just received information on a junior chaperone (female college student, age 22).
